

Gyprock® Duo Cornice

Duo is part of Gyprock's Contemporary range of cornice profiles and is ideally suited to modern homes and décor. The simple, strong profile design of Gyprock Duo features modern lines for a short, sharp statement. For a slightly larger form factor and more dramatic style, take a look at [Gyprock Trio](#).

To see how Duo affects the style of a room check out our [cornice visualiser](#).

Plasterboard cornice is extremely easy to cut, join and paint with no special tools or fixing equipment required, making it a cost-effective way to create great ambience within a home.

Consider cornice when you are planning a new home to add detail and a personal touch. For a complete look, keep your architecture and door hardware in theme with your cornice style.

Cornice Manufacture

Gyprock Duo cornice is composed of gypsum plaster encased in a strong linerboard and is manufactured to stringent product specifications.

Installation

Comprehensive installation instructions for Gyprock cornice can be found under the Resources tab and include:

- [DIY installation guides](#)
- [DIY installation videos](#)
- [Residential Installation guides](#)

For assistance with installation, try searching for a [Gyprock plasterer, builder or repairer](#) under the [Locations](#) tab.

Painting and Decoration

Finishes applied to cornice surfaces can have a significant effect on the perceived quality of the installation, particularly where critical lighting conditions exist.

- Matt finishes minimise imperfection visibility
- Semi-gloss and gloss finishes highlight imperfections
- Light colours are less likely to show imperfections

Gyprock recommends paint systems consisting of one coat of a plasterboard sealer followed by two coats of finishing paint. Always follow the manufacturer's instructions for application and recoating.

Gyprock recommend decoration in line with [Master Painters Australia](#) guidelines.

Material Safety

MSDS

A [Material Safety Data Sheet](#) for Gyprock cornice is available from the Gyprock website under the [Resources](#) tab.

Handling

For guidelines on the safe handling of Gyprock cornice, reference should be made to the Gypsum Board Manufacturers of Australasia (GBMA) publication "*Move it the GBMA Way – A Safe Manual Handling Guide for the Plasterboard Industry – Training Guide*" (Reference SS172).

Be inspired by projects that include Gyprock Duo.

The geometric profile of the Duo cornice makes a sharp, sophisticated statement and adds symmetry. It's also the perfect partner to Trio in more formal areas. See more in the third edition of [HomeStyle magazine](#)

The two-step profile of Duo makes a short, sharp statement in rooms with modern décor.

Duo provides a minimalistic architectural feature in rooms where the furniture takes centre stage.
